

Students shall be classified at the time of each application for admission or registration as a resident or nonresident student.

A resident is any person who has been a bona fide resident of California for at least one year on the residence determination date. The residence determination date shall be the day immediately preceding the first day of a semester or summer session for which the student applies to attend.

Residence classification shall be made for each student at the time applications for admission are accepted or registration occurs and whenever a student has not been in attendance for more than one semester. A student previously classified as a nonresident may be reclassified at any residence determination date.

The residence determination date and a summary of the rules and regulations shall be published in the college catalog. The applicable Education Code provisions and the rules and regulations adopted by the Board of Governors and the District shall be made available to students.

The superintendent/president shall enact procedures to assure that residence determinations are made in accordance with Education Code and Title 5 regulations.

A student seeking to enroll exclusively in career development and college preparation courses, and other courses for which no credit is given, shall not be subject to this residency classification requirement.

See Administrative Procedures 5015.
